- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

Training Dates: MLT Training 18th March 2021, Departmental Training 23rd March & 27th April 2021

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *There are no NQTs involved in the assessment of Year 11, 12 & 13*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will not use substantial class or homework that took place during remote learning.*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study & retain mark schemes used.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will use different questions but of the same marks values when students sit an assessment at different times*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision.*
- *We will ensure that we are able to authenticate the work as the student's own.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*

- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will ensure that they arrive at a fair and objective grade, which is free from bias. Bias training July 2020 - as part of normal school training. Updated April 2021 using national college training materials*
- *Our teachers will complete an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
 - *Recording and storing of evidence*
- *We will conduct internal standardisation across all grades.*

- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s)*
- *To validate our internal results further we will moderate a sample of evidence from each department with external schools who are teaching the same exam specification.*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be the SLT Teaching and Learning team.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

To ensure no unfair bias or undue influence on teachers - no comparison will be made to the results of other students in the assignment of Teacher Assessed Grades, until student grades for 2021 have been confirmed.

- *We will consider all factors relating to previous cohort results and that of the 2021 cohort in relation to the size, curriculum, staffing and development plans of the school over the Key Stage of the 2021 cohort.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles awarded in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all staff involved in special considerations have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Google Classrooms was used during lockdown. All students were provided with Chromebooks
- Pastoral support to encourage engagement during and after lockdown, including monitoring the wellbeing of students.
- Modification of specifications by awarding bodies. NEA subjects were offered off catch up to compensate for lack of access to materials, for example.
- Intervention has been offered to students who have missed work.
- Assessments are based on work covered to ensure no disadvantage to students severely impacted by disruption or DLL.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process including our use of external moderation checks with other schools delivering the same subject specifications will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to record decisions and to retain evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include all assessments were completed on site supervised by staff, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
