

PROVIDER ACCESS POLICY

Date of Review: July 2024

Date of Next Review: July 2026

St Angela's Ursuline School

Provider Access Policy

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to students at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil Entitlement

All students in Years 7-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through careers talks, assemblies, Careers Drop in Clinics, options events, group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses and to have the opportunity to acquire the skills necessary to use the information they are given to make informed choices .

Provider Access requests

A college, university or training provider wishing to request access should contact the school at office@stangelas-ursuline.co.uk

Opportunities for Access

As part of the school careers programme a number of events / talks / assemblies will offer providers an opportunity to come into school or host events to speak to students and/or their parents/carers.

Premises and Facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students as appropriate to the activity. The school will also make available technology and other specialist equipment to support provider presentations. The Careers Advisor will be available to discuss this with providers ahead of any visit.

Provider Access Policy - Careers Provision Map (updated on a rolling planning programme)
